Nightfalling

The City Drive

I've got time on my hands, do you too?
Oh, no, so come around
I've run out of plans, same as you?
Oh no, so come aroundWe can turn the lights, turn the lights down, low, woh
I know what you like, won't you just let go, woh, wohYesterday, I promised I was never gonna take you back
Baby, don't believe me
I said it, like I meant it, but I overreacted
Baby, don't you need me once more?Would you rather remain strong as steel?
Oh, no, so come around
I cannot contain the way I feel
Oh, noWe can turn the lights, turn the lights down, low, woh
I know what you like won't you just let go, woh, wohYesterday, I promised I was never gonna take you back
Baby, don't believe me
I said it, like I meant it, but I overreacted
Baby, don't you need me'Cause I won't back down, don't stop now
Look into my eyes
And I won't back down, don't stop now
Let's spend one more nightfallingI've got time on my hands, do you too? Oh, wohYesterday, I promised I was never gonna take you back
Baby, don't believe me
I said it, like I meant it, but I overreacted
Baby, don't you need me'Cause I won't back down, don't stop now
Look into my eyes
And I won't back down, don't stop now
Let's spend one more nightfalling
