

Drive

Halsey

My hands wrapped around your stick shift
Swerving on the 405, I can never keep my eyes off this
My neck, the feeling of your soft lips
Illuminated in the light, bouncing off the exit signs I missed
All we do is drive
All we do is think about the feelings that we hide
All we do is sit in silence waiting for a sign
Sick and full of pride
All we do is drive
And California never felt like home to me
And California never felt like home
And California never felt like home to me
Until I had you on the open road and now we're singing
Ah, ah, ah, ah, ah
Ah, ah, ah, ah, ah
Ah, ah, ah, ah, ah
Your laugh, echoes down the hallway
Carves into my hollow chest, spreads over the emptiness
It's bliss
It's so simple but we can't stay
Over analyze again, would it really kill you if we kissed
All we do is drive
All we do is think about the feelings that we hide
All we do is sit in silence waiting for a sign
Sick and full of pride
All we do is drive
And California never felt like home to me
And California never felt like home
And California never felt like home to me
Until I had you on the open road and I was singing
Ah, ah, ah, ah, ah
Ah, ah, ah, ah, ah
Ah, ah, ah, ah, ah
