Cold on the Shoulder

Tony Rice

All you need is time
All you need is time, time, time to make me bend
Give it a try, don't be rude
Put it to the test and I'll give it right back to youIt's cold on the shoulder
And you know that we get a little older every dayKick it around, take it to town
Try to defy what you feel inside
You better be strong
Your love belongs to usIt's cold on the shoulder
And you know that we get a little older every dayAll I need is trust
All I need is trust, trust, trust to make it show
I don't want to know everything you done
If you get a tip then tell it to the EskimosIt's cold on the shoulder
And you know that we get a little, get a little older every day
It's cold on the shoulder
And you know that we get a little older every dayAll we need is faith
All we need is faith, faith, faith to make it nice
Kick it around, don't be rude
If you're gonna make a mistake don't you make it twiceIt's cold on the shoulder
And you know that we get a little older every day
It's cold on the shoulder
And you know that we get a little, get a little older every dayIt's cold on the shoulder
And you know that we get a little older every day
It's cold on the shoulder
And you know that we get a little, get a little older every day
