

# Transgressor

## Verbera

Transgressor I am  
The one  
Force of the future  
Control  
The new ways are stronger  
Obey  
(your) Weakness is (my) power  
Downfall I'm the transgressor - Predecessor  
Overstepper - Strong aggressor  
Put your ways behind you  
They only have confined you  
They are the chains that bind you  
Needn't I remind you  
I am the tempter  
Extravagant my ways  
The world is my  
Menagerie Freedom the dream of  
The weak  
Knowledge the scheme of  
The meek  
Boundaries of this world  
Behind  
Apes walking upright  
Mankind Transgressor born to lead  
I will satisfy your greed  
Soon you'll understand  
The power I command Transgressor the one  
The process has begun  
Soon you'll understand  
The power I command Reality is gone  
The new ways are strong  
(Transgress)
