

# Banshee

## Pheromone

Respect...what is it?  
Where is it now? Hey, God!  
Where are my wings you took once from me?  
I need it back!  
I need my resurrection! My resurrection is denied  
It's hard to tell about my pain  
I have no tears to cry again  
My only love, my only heart  
Is torn apart
