

# Briefcase Full Of Guts

## Dethklok

Punch your card 'cause your working day has started  
and you're pushing hard for employee of the month  
You got your tools of business and  
They're bloodied by your clients and  
You're off to work with your  
Briefcase full of guts  
Door to door you are searching for a buyer  
Who will take the terms of your policy  
You got an invitation to their living room  
You're gonna demonstrate your products privately  
You know that  
I'm an employee  
I have a degree  
I'll fulfill your need  
I will make you bleed  
I'll rise to the top  
Best one on the team  
Kill outside the box

Hold you as you scream  
I'll divide you into pieces  
Sell them back and raise the price  
Make a profit off your interests  
You'll increase my sales tonight  
I will increase  
Productivity  
I must increase  
Productivity  
A.B.K. [4x]  
(Always Be Killing)  
I'm an employee  
I have a degree  
I'll fulfill your need  
I will make you bleed  
I'll rise to the top  
Best one on the team  
Kill outside the box  
Hold you as you scream
