

# No Joy

## Khanate

...and there it went  
please please no face no breathe no breathe  
please don't breathe no no joy no joy no joy no joy please  
eat that smile right off a face your face  
no joy  
only only eat stuff that grin down down your neck  
no more eat no more breathe  
breathe don't breathe please don't breathe  
no joy precious joy no joy  
eat that smile right off a face your face  
no joy only only eat stuff that grin down down your neck  
no more eat no more breathe breathe don't breathe please don't breathe  
...and so it goes
