Reaper

100 Monkeys

Ah one ah two, ah hah hah hah!The reaper inside of me
Creeping oh so quietly
A sleeper-cell in time of peace
Sitting on it's tendencies
For acting out so violently
A violet silent tide at sea
Then red October suddenly
Yeah free the beastFree free free the beast
Let go the leash and watch it eat
Free free free the beast
Pound your feet give it a treatWell it's the reaper inside of me
Writhing absent-mindedly
Masochistic fashion suits me nicely
Booze in the days and nightly
So unsightly, this side of me
Biting on it's bindings
I've been losing my teeth in all my dreams
I just need sweet release!Free free free the beast
Let go the leash and watch it eat
Free free free the beast
Pound your feet give it a treatChewing my tongue for far too long
My jaw is starting to ache
I can taste my blood my face feels rough
Which is odd cause I just shavedLa la la la la la la la la la la la la la la la la la la la la la la la la la la la la laFree free free the beast
Let go the leash and watch it eat
Free free free the beast
Pound your feet give it a treatFree free free the beast
Let go the leash and watch it eat
Free free free the beast
Pound your feet give it a treat
