

# What Is Love

## Play

It's the way you're nervous when you speak  
The way I know just what you mean  
It's the kind of thing that's bitter sweet  
It's the funny feeling deep inside  
So many different sides but still so easy to live by 'Cause you know it every time  
And not just in your mind  
But you can feel the butterflies  
Sendin' chills down your spine What is love? But a kiss on a rainy day  
A smile that won't go away, a safe place to run  
What is love? But a complicated simple truth  
A bond between me and you, the number one  
(All that's love) And the things that never cross your mind  
What you're doin' all the time  
It's with someone special, it's alright  
It's like dancing when you walk  
And singing when you talk, you're happy just to be alive Live in the moment, don't pretend  
Let it go and take it in  
You don't have to understand  
The how, why and whens What is love? But a kiss on a rainy day  
A smile that won't go away, a safe place to run  
What is love? But a complicated simple truth  
A bond between me and you, the number one So take off your hat and stay for a minute  
Love is a precious thing if you let it in  
You'll never know what you'll find  
Till you give it sometime, sometime What is love?  
(What is love, yeah?)  
But a kiss on a rainy day  
(A kiss on a rainy day)  
A smile that won't go away  
(A smile that won't go away)  
A safe place to run What is love?  
(What is love?)  
But a complicated simple truth  
(A simple truth)  
A bond between me and you  
(Between me and you)  
The number one What is love?  
(What is love?)  
But a kiss on a rainy day

A smile that won't go away  
A safe place to run  
(A safe place to run)What is love?  
(What is love?)  
But a complicated simple truth  
A bond between me and you  
(Between me and you)  
The number one  
(The number one)(All that's love)  
All that's love  
What is love? It's a kiss on a rainy day  
All that's love
