Liar

Disciple

Disguised as a remedy
Take us higher than before
Enter the covenant
Not worth the paper that it's written on

When you speak we all wait
Twenty minutes before you ever even say a thing
And when your words finally make their way out on the stage
Only God knows what they even mean

You tell me not to speak but you don't understand
That He's ashamed of me when I'm ashamed of Him
What good is the next level if we gain the world
But then we lose our soul?

I'm not saying you're a liar
It's just that none of us believe a word you say
They say the tongue is like a fire
Nothing but empty promises around your flame

I listen to what was said
Even though it's not the same as what you really meant
And when the light is shining on your lips
Can't take the blame when denial is your only friend

You tell me not to speak but you don't understand
That He's ashamed of me when I'm ashamed of Him
You don't believe anymore
The days turn to weeks then to months we haven't heard from you

I'm not saying you're a liar
It's just that none of us believe a word you say
They say the tongue is like a fire
Nothing but empty promises around your flame
I'm not saying you're a liar
It's just that none of us believe a word you say

I will forgive you
But it will take some time to forget
I will forgive you

But it's gonna take some time

I'm not saying you're a liar
It's just that none of us believe a word you say
They say the tongue is like a fire
Nothing but empty promises around your flame

I'm not saying you're a liar
It's just that none of us believe a word you say
They say the tongue is like a fire
Nothing but empty promises around your flame

I will forgive you
But it will take some time to forget
I will forgive you
But it'll take some time
