Chartreuse

Bethurum

Chartreuse
You got the color that turns me loose
Chartreuse
That color just turns me loose
Better than Magenta
Better than Fuchia
You got a shade that gets rid of the blues.Chocolate mousse
Don't you know I like big Caboose
Chocolate mousse
You know I like that big Caboose
Its sure sweet,
Lights my fuse
Its sure sweet,
Lights my fuseChartreuse
That color just turns me loose
Chartreuse
You got the color that turns me looseChartreuseYou got the blues baby
I got the juice
You got the blues baby
Remember, I got the juiceChartreuse
