

Regina

Possum Dixon

Well, Regina's the girl, and the student, the actress
She was fallin' in love with a man on TV
She needed a break from the day in the life
She was high on speed, she got high on speed
She lays on the bed with the phone on in her ear
And her soft-sell records gonna play all day
She's the girl, she's the student, the actress
She's the one, she's the girl, but she's not for me
Here we go now Oh, Regina
And we smile while we stare
She needed a break from the day in the life
With her fake ID one, nine, six, one
She's the girl, she's the student, the actress
She's the one, she's the girl, but she's not for me
Here we go now Oh, Regina
And we smile while we stare
And we stop when we are there, gonna say it again
Oh, I need ya and we smile Oh, Regina and we smile
Oh Regina, it's the things that you do
I'll give my world to be with you, dear
