

# No Monsters

Carman

When I was just a little kid, I saw a scary movie  
About a crazy lunatic, you see  
He tried to kill these people on vacation with an axe  
Then I'd imagine that this dude was after me While layin' in my bed that night, afraid and wide awake  
I promise you, I saw a shadow move  
But when I felt an evil spirit, that was it  
I knew right then exactly what to do (And then what happened)  
I took authority in Christ  
(And then what happened)  
All fear flew away  
(And then what happened)  
I stood bold as a lion and ran it off when it heard me say  
(What did you say?) Don't want no monsters in my house tonight  
Don't want no monsters in my house  
You won't get me screamin', you're nothing but a demon  
It's time for you to go now I am a temple of the Holy Ghost  
And I'm protected by the Lord of Hosts  
Get out in the name of Jesus Christ  
'Cause I don't want no monsters in my house tonight On TV there's this creepy guy, the alligator man  
I watch him as he chases and he hunts  
This peaceful family through the woods with only one thing on his mind  
He wants to eat their little kid for lunch I go so weirded out, I couldn't sleep, then it happened  
An evil spirit floated by my bed  
I could hardly believe the nerve of this little punk demon  
I thought ah, all right, that's it, you're dead (And then what happened)  
I got righteously indignant  
(And then what happened)  
I was gonna make that demon pay  
(And then what happened)  
The anointing came upon me, I chased it out when it heard me say  
(What did you say?) Don't want no monsters in my house tonight  
Don't want no monsters in my house  
You won't get me screamin', you're nothing but a demon  
It's time for you to go now I am a temple of the Holy Ghost  
And I'm protected by the Lord of Hosts  
Get out in the name of Jesus Christ  
I don't want no monsters in my house tonight No monsters, no monsters I am a temple of the Holy Ghost  
And I'm protected by the Lord of Hosts  
Get out in the name of Jesus Christ

'Cause I don't want no monsters in my house  
Now, I don't want no monsters in my house  
No, I don't want no monsters in my house tonight
