

Better Than Me

Megan & Liz

Congratulations on the ring,
Got you a doctor who can afford the finer things,
I always say, you settling for less than what you deserve,
We had some happy times, but I caused you so much hurt,
I hope he treats you better,
Better than me, better than me,
You deserve a knight in shining armor, a man of honor and a man better than me
Better than me, ohh better than me
I tried, oh I tried, but the playa in me just wouldn't die
I'll never find another, friend or lover, need you, but you don't need to suffer
I should of thought when I was doing wrong, I'd miss you when you don't
I hope he treats you better,
Better than me, better than me,
You deserve a knight in shining armor, a man of honor and a man better than me

Better than me, ohh better than me
Hope he helps heal the scars from your broken heart
I hope he's man enough to promise you, till death due you part
Hope he takes the time sees the line before I did realise who you are
I hope he treats you better,
Better than me, better than me,
You deserve a knight in shining armor, a man of honor and a man better than me
Better than me, ohh better than me
I hope he treats you better,
Better than me, better than me,
You deserve a knight in shining armor, a man of honor and a man better than me
Better than me, better than me
Better than me, so much better than me
Better than me, ohh better than me
