Porchlight

Twin Flames

I leave the porch light on just in case
hoping that door rings and I see your face
and I... aulajivungaa

and I keep your photograph to this day
wishing and hoping that your okay
and I... I'm missing you now

** aanniavunga pitaqarunnairavi
kitsaqunga tillitaulauravi
sirnaaqunga aannitaurquuniravi
taqavungaa

was the same love remains
all these hurts inside me?
call your name to this day
wish you were home beside me

we've left your bedroom
in this place
posters and memories and grace
and I... aulajivungaa

standing in the door way
I hold back my tears
seems just like yesterday, no its been years
and I... I'm missing you now

I leave the porch light on just in case
hoping that door rings and I see your face
and I... aulajivungaa

I leave the porch light on just in case
hoping that door rings and I see your face
and I... aulajivungaa
