

Quality

Character

Just show me the venue when I'm on the menu

It's personalized

The life of the party, I'm like Billy Barty

But regular-sized

I guess I should explain

Your guests will go insane for me

'Cause I'm serving up quality, it can't be beat

If you're not down, vote with your feet

My quality, biology

Is enhanced with high technology

Over in England, everything bent

But I'm satisfied

I hung with the stars there

You know, they drive cars there

On the other side

They barely noticed me

You said you'd go with me always

'Cause I'm serving up quality, it can't be beat

If you're not down, vote with your feet

My quality, biology

Inspired some Greek mythology

It's all true

(Cross my heart and hope to die)

I swear to you

(Stick a needle in your eye)

And if you've been misled

May some lightning strike me dead

Back Japan, they did not understand

They sent me back here

Look at them now, they're rubbing my cow there

And feeding it beer

I may go back someday

They'll have a huge buffet for me

'Cause I'm serving up quality, it can't be beat

If you're not down, vote with your feet

My quality, neurology

Is studied in theology

It's quality, it can't be beat

If you're not down, vote with your feet

My quality, biology

Is enhanced with high technology

Biology, astrology

Theology, ecology

Mythology, pathology

Cosmology, etymology

Demonology, biology

Astrology, theology

My quality, neurology

Is studied in theology
