Shut 'em Up

Ciara

Shut shut em up shut shut shut em up
Shut shut em up shut shut shut em up
Shut shut em up shut shut shut em up
Shake the club up shut shut shut shut em up
Shut shut em up shut shut shut em up
Shut shut em up shut shut shut em up
Shut shut em up shut shut shut em up
Shake the club up shut shut shut shut em up

(Chorus)
They hate the way I put it down
All the ladies tryna jock my style
Got em screamin' turn the speakers out loud
Shake the club up, shake the club, now shut em up
Shut shut em up shut shut shut em up
Shut shut em up shut shut shut em up
Shut shut em up shut shut shut em up
Shake the club up shut shut shut shut em up
If you got swag turn it up on high
Whip yo head if ya know ya fly
Imma tear the club up tonight
And Imma shut em up, and Imma shut em up
Got 'em scared cuz I'm dangerous
They want my shine, but they get no love
And I don't care cuz they all jealous
And Imma shut em up, and Imma shut em up

(Chorus)
They hate the way I put it down
All the ladies tryna jock my style
Got em screamin' turn the speakers out loud
Shake the club up, shake the club, now shut em up
Shut shut em up shut shut shut em up

Shut shut em up shut shut shut em up
Shut shut em up shut shut shut em up
Shake the club up shut shut shut shut em up
Haters get mad so they talk that noise
But I'm a diva so I keep my poise

Go ahead you can use your voice
But Imma shut em up, oh Imma shut em up
Nanananana (so whatchu saying)
Nanananana (so whatchu saying)
Why you talking that bla bla bla
You can shut it up, you can shut it up
(Chorus)
They hate the way I put it down
All the ladies tryna jock my style
Got em screamin' turn the speakers out loud
Shake the club up, shake the club, now shut em up
Shut shut em up shut shut shut em up
Shut shut em up shut shut shut em up
Shut shut em up shut shut shut em up
Shake the club up shut shut shut shut em up
Shake the club up shut shut shut shut em up
Shut shut shut em up
(Chorus)
They hate the way I put it down
All the ladies tryna jock my style
Got em screamin' turn the speakers out loud
Shake the club up, shake the club, now shut em up
Shut shut em up shut shut shut em up
Shut shut em up shut shut shut em up
Shut shut em up shut shut shut em up
Shake the club up shut shut shut shut em up
