

Sisters of the Light

[Xandria](#)

Advisory - the following lyrics contain explicit language:

Follow me through the night
We are sisters of the light
We are daughters of sin
We are laughter in the wind Follow me through the night
We are sisters of the light
We are wild, we are free
Through the darkness follow me I am here to break the silence and
I want you to be the voice of mine Follow me now Follow me through the night
We are sisters of the light
We are daughters of sin
We are laughter in the wind Follow me through the night
We are sisters of the light
We are wild, we are free
Through the darkness follow me You alone, you can let time stand still
And you create the missing element We're the fires of hell
We're the deep rough sea
We're the stormy air
We are, we We're the ashes of time
And we are banshee
Through the darkness, sisters
Follow me Follow me now Follow me through the night
We are sisters of the light
We are daughters of sin
We are laughter in the wind Follow me through the night
We are sisters of the light
We are wild, we are free
Through the darkness follow me
