Wasted Love

BenZel

(& Stevie Neale)

So Iâ€™m a ghost, someone they froze
Tell me youâ€™ll think of me again
I am a space, a distorted face
You have replaced me with nothing
I canâ€™t relate, to any of this
All that I ever breathe is you
I wanna stage, every performance you ever gave

But it was over way before tonight

Come close, donâ€™t touch
My wasted love
Itâ€™s all for him
He knew this much
Iâ€™m so caught up
In wasted love
Itâ€™s all for him, itâ€™s all for him

Out with the old, in with the new
The saying has taken full effect
Who are you now, will you conclude
There was only a girl Iâ€™ve never met
I feel used, battered and bruised
All the memories you could not protect
I was your first, your universe
They summoned a curse

But it was over way before tonight

Come close, donâ€™t touch
My wasted love
Itâ€™s all for him
He knew this much
Iâ€™m so caught up
In wasted love
Itâ€™s all for him, itâ€™s all for him

Love, love, wasted, wasted love

Come close, donâ€™t touch
My wasted love
Itâ€™s all for him
He knew this much
Iâ€™m so caught up
In wasted love
Itâ€™s all for him, itâ€™s all for him

Love, love, wasted, wasted love
Love, love, wasted, wasted love
Love, love, wasted, wasted love
Love, love, wasted, wasted love
Love, love, love, love
