

Simple Things

Usher

Yeah

They say money can't buy you love

They say money can't buy you love

They never seem to listen

I'm all ears Just copped your girl a brand new Rolex

But you can never find the time to spend at home

Thinkin' it's gon' keep her happy

When time is all she wanted all along It's the simple things in life we forget

You hear her talkin' but don't hear what she said

Why do you make something so easy so complicated?

Searching for what's right in front of your face

But you can't see it So you think that you know what's important

Steady chasin' your fame and your fortune

But you don't know you're chasing a dime losin' a treasure

Those dollars don't make sense to me at all

Oh, it goes Duh da duh da

You give her spending money

Duh da duh da

But all she wanna spend is time alone, tonight

Keep givin' her

The finer things but But she don't really need that

If you don't stop you're

You're gonna end up alone

The world without love

Why would you do it? It's the simple things in life we forget

You hear her talkin' but don't hear what she said

Why do you make something so easy so complicated?

Searching for what's right in front of your face

But you can't see it It's the simple things in life we forget

You hear her talkin' but don't hear what she said

Why do you make something so easy so complicated?

Searching for what's right in front of your face

But you can't see it Stop tryin' ta buy her love

'Cuz you won't ever have enough

There's always someone with more than you

You need to pay her attention

Give her what she needs Do the simple things

Before you lose your girl to me

Yeah yeah yeah

Yeah yeah yeah yeah Play on playa, yeah
Your girl comin' wit' me shorty
I'm tellin' you man
'Cuz you know It's the simple things in life we forget
You hear her talkin' but don't hear what she said
Why do you make something so easy so complicated
Searching for what's right in front of your face
But you can't see it You better look out
I hear you talkin', I hear you talkin'
But what are you saying?
Oh ho oh ho Don't be a fool
You got a good thing
Man are you blind
Stupid or crazy?
You got a good thing
You got a good thing If that's your lady
You better hold on
And give her what she want
Before she move on
Man I tell you cars, clothes, and fancy things
Don't mean a damn thing if you ain't kickin' it baby It's the simple things in life we forget
You hear her talkin' but don't hear what she said
Why do you make something so easy so complicated
Searching for what's right in front of your face
But you can't see it
