I got your picture
You gave your soul to me
You're my addiction
I'm sure you'd have to agree
Idolized by zeros I know all of your faces
I've even watched you sleep
You're my obsession
Your life is mine to keep
Idolized by zeros I got all of your letters
Told me to stay away
You know me better
I'll pay a visit today
Idolized idolized idolized by zeros
Idolized idolized idolized by zeros
