

# Ride the Tiger

## Jefferson Starship

I want to ride the tiger  
I want to ride the tiger  
It will be black and white in the dead of night  
Eyes flashing in the clear moonlight  
I want to ride the tiger.It's like a tear in the hands of a western man  
Tell you about salt, carbon and water  
But a tear to a chinese man  
He'll tell you about sadness and sorrow or the love of a man and  
A woman.I want to ride the tiger  
I want to sail through the risin' sun for you and you  
We got something to learn from the other side  
Something to give, we got nothing to hide  
I want to ride the tiger.Black wants out of the streets  
Yellow wants the country  
Red wants the country back  
And white wants out of this world  
Sing - sing to the sky  
I want to ride the tiger  
I want to ride the tiger.Look to the summer of seventy-five  
All the world is gonna come alive  
Do you want to ride the tiger?It's like a tear in the hands of a western man  
Tell you about salt, carbon and water  
But a tear to an oriental man  
He'll tell you about sadness and sorrow or the love of a man and  
A woman.
