'LOT MOTHERFUCKER DOING IN THIS BITCH![] x4
Bitch I'm morose and lugubrious
I'ma let the Uzi spit
Turn his face into gooey shit
Bitch I'm lugubrious, my trap game is stupidest
You acting like I'm new to this
I been sick since the uterus
I equate your uselessness to bitches that are bootyless
Your Youtube page is viewerless, it's humorous
Flyer than a stewardess, you pussies smell like tuna fish
You wanna kill me? Try and prove it but I bet you can't manouver it
Grabbing the Ruger and cockin' it back
Psycho mentality, kill 'n attack
Sippin' on Alize, countin' the stacks
Half of my salary, nothing but crack
Yeah bitch, I ain't really nothing like a hero
I just wanna get my dick sucked and multiply them zeros
Ugly Mane stay harder than an oak trunk
You could fuck around, swear to god you get your throat cut Bitch I'm morose and lugubrious
I'ma let the Uzi spit
Turn his face into gooey shit
See the bricks on the counter
Man, they all based
Still stay messing with the powder like Scarface
Stay clean with the jakes
Never getting calls traced
Leave 'em dead in the river, unsolved case
Holla at ya bitch, she be knowin' how my balls taste
Race to the champions, yeah we goin' All State
Iceberg Snoopy, Donatello, purple Gucci, going all grape
Uzi aiming low, shoot a playa in the prostate
I don't go hard in the paint, killa I'm paintless
Stripped down raw motherfucker I be [?]

See the flow ain't nothing but amazing
Heat from the barrel leave you shriveled like a raisin
Start runnin', I'mma start gunnin'
Pull up in a hearse, damn right I'mma stun 'em
I'mma done - done 'em
Pray for the Sun up
Clap him by myself with his boys right in front of him
I don't give a fuck, Ugly Mane stay illin'
Never got a smile so you know how im feelin'
If you smell smoke then you know im in the building
You ain't seen ya man, you can bet that I killed 'im
You see me countin' stacks
You see me swervin' through
You see me movin' past
Playa I'm not like you Bitch I'm morose and lugubrious
I'ma let the Uzi spit
Turn his face into gooey shit
