

Long Forgotten Love

The Autumn Defense

If I could ever be
The one that you would need
To be inside your every thought and whisper
The words that you will hear
You'll hold forever dear
But I can't really guess what you'll make of them
Here's to long forgotten love
You know it's you I'm thinking of
I want to tell you now
I can't remember how
We let this disagreement get between us
And you could be uptight
While I stay out all night
And I'll never understand this mind of woman
Go on give me something right, all right
Go on give me something else
Here's to long forgotten love
You know it's you I'm thinking of
If I could ever be
The one that you would need
To be inside your every thought and whisper
The words that you will hear
You'll hold forever dear
But I can't really guess what you'll make of them
Here's to long forgotten love
You know it's you I'm thinking of
You listen too
'Cause I might be speaking of you
Here's to long forgotten love
