Arizona

100 Monkeys

Oh yes she's gone to Arizona
With my money, with my money
Yes she's gone to Arizona
With my money, with my money
And she got a friend
A real pretty friend
Yeah she got a friend
A real pretty friend
But she's gone to Arizona
Took my money and leftOh yes she's gone to Arizona
With my money, with my money
Yes she's gone to Arizona
With my money, with my money
And I got a gun
It's a black shiny gun
Yeah I got a gun
It's a black shiny gun
And I've been doing some thinking
Thinking it's a good thing she's gone so far
I feel Arizona rising
I see the devils on the run
I feel Arizona rising
Look out ladies here I comeAll is fair in love and war
But this is business babeOh yeah she's gone to Arizona
With my money, with my money
Yeah she's gone to Arizona
With my money with my money
And I got a gun
It's a black shiny gun
Yeah I got a gun
It's a black shiny gun
And I've been doing some thinking
Thinking it's a good thing she's gone so far
I feel Arizona rising
I see the devils on the run
I feel Arizona rising
Look out ladies here I come
