

# Gypsy Heart

## Playmen

Travel around the world,  
The seven seas just to find you  
My heart will never ever let me be,  
Cuz it feels you  
I'm running with the wind,  
I'm on a wire, hold on  
One day we're gonna rise and start a fire...

Babe I can't let go  
It's like it's calling my soul  
Baby can't you feel it?  
My gypsy heart

I'm walking thru the desert,  
Thru the storm just to find you  
Searching round the world,  
Every room, like I breathe you  
I'm on this gypsy road,  
I'm in a maze  
One day we're gonna turn the night to day...

Babe I can't let go  
It's like it's calling my soul  
Baby can't you feel it?  
My gypsy heart
