

# Displaced

## Tribes of Neurot

It's just a simple line  
I can still hear it all of the time  
If I can just hold on tonight  
I know that nothing, nothing survives, nothing survives I think I'm turned around  
I'm looking up not looking down  
And when I'm standing still  
Watching you run, watching you fall, fall into me Am I making something worthwhile  
Out of this place  
Am I making something worthwhile  
Out of this chase  
I am displaced, I am displaced And she's my friend of all friends  
She's still here when everyone's gone  
She doesn't have to say a thing  
We'll just keep laughing all night long, all night long Am I making something worthwhile  
Out of this place  
Am I making something worthwhile  
Out of this chase  
I am displaced, I am displaced It's just a simple line  
I can still hear it all of the time  
If I can just hold on tonight  
I know that no one, no one survives, no one survives
