

# Big Chips

Jay-z

Big chips, we off in Vegas drinkin' and partyin'  
We got chicks in swimsuits modelin'  
We in the twin stretch Maybachs dippin' low  
The way the wrist shine it's so magical You know them boys got the clubs out of control  
Nigga what ya heard it's Kells and Hov  
With the second comin' of Best Of Both  
In the first week I predict a million sold, we talkin' Big chips, big trips to Vegas nigga  
Big cribs and the whips is spacious  
Any day they could dig your grave  
Shit, so Big is my inspiration, dig No reward that's the risk is taken  
In which case you niggaz  
Wouldn't wanna switch places  
I on the other hand relish the situation  
Thank the Lord for the gift, I'm gracious I went overboard, look at this big bracelet  
I overhauled it you wouldn't recognize it  
From the time that I bought it I just replaced it I risk cases for shit like this  
Nigga I pray for some shit like this  
Word to my Uncle Ray  
Who gave us life for some shit like this  
Ma you rollin' I'm as real as it gets Big chips, we off in Vegas drinkin' and partyin'  
We got chicks in swimsuits modelin'  
We in the twin stretch Maybachs dippin' low  
The way the wrist shine it's so magical You know them boys got the clubs out of control  
Nigga fuck what ya heard it's Kells and Hov  
With the second comin' of Best Of Both  
In the first week I predict a million sold, we talkin' Big chips, I can't take this  
The way you move your ass slow like Matrix  
You make me wanna toss chips in Vegas  
Before I toss chips first, get naked I can't fake it, girl you got the club shut down when you freak it  
Superstar honey, so mean and vicious  
Got a lot and comin', I'm so mean and vicious  
Bark, bark farmer, this chicken layin' platinum ex-farmer So go low mama, give it a go  
As I punch 170 on stretch roads, must turn up the radio  
Girl you so good I'm swervin' like whoa! whoa  
Uh oh, uh uh oh, from the club to the stretch  
Out the stretch to the hotel, into the hotel suite Big chips, we off in Vegas drinkin' and partyin'  
We got chicks in swimsuits modelin'  
We in the twin stretch Maybachs dippin' low  
The way the wrist shine it's so magical You know them boys got the clubs out of control

Nigga fuck what ya heard it's Kells and Hov  
With the second comin' of Best Of Both  
In the first week I predict a million sold, we talkin' Big chips, I'm a boss I said  
Tilt my hat and I cross my legs  
Like old ladies at the park, I toss my bread  
And the pigeons start flockin', ballin' like Bishop Locklin' And stick Cochran on any DA, to try to stop him  
So any gunplay that is an option  
I been doin' this since niggaz was woppin'  
Rockin Izods with the matchin' socks, and  
Slap boxin' in the back park and when the girls start watchin'  
Try to get real, you had to drop 'em See I ain't never been a fronter  
Or fake it till I make it tight nigga ma I don't want ya number  
Either you're comin' or I one ya  
Either you know what you want ma, I don't even want ya  
You play pretty if you wanna Big chips, we off in Vegas drinkin' and partyin'  
We got chicks in swimsuits modelin'  
We in the twin stretch Maybachs dippin' low  
The way the wrist shine it's so magical You know them boys got the clubs out of control  
Nigga fuck what ya heard it's Kells and Hov  
With the second comin' of Best Of Both  
In the first week I predict a million sold, we talkin' big chips All around the world, stop where the sun sets  
Spendin' big chips you wanna go you wanna go  
Say we goin' around the world, stop where the sun sets  
Spendin' big chips you wanna go, do you wanna go? Uh, come on, Tone, I see ya  
Jigga, Kells, uh, yeah, Track Masters  
What's really good, we in the islands chillin'  
In the shade and shit you know Blue waters, yellow sand, uh either I'm high or  
I think I just saw a dolphin  
What you drinkin' Jay?  
Me, myself I'm drinkin' on this lemonade, make me some  
I don't know what the shit it is  
But you got me real nice right now  
Taylor play this track now, good night
