

# Go Long Dad

## Four Year Strong

Advisory - the following lyrics contain explicit language:

Leave it up to me to mix business with pleasure  
But were not getting any younger  
And it leads me to wonder shouldn't I be getting  
Something out of this  
Something I could have missed when I'm without her. What the hell are you waiting for?  
It's all for you or it's all for nothing  
All for hoping that you'd give it a chance, give it a chance, give me.  
What the hell am I waiting for?  
To be out of time or be out of context  
Pleasantly complex  
And were giving up on getting guilt out of our way. There's something in the air tonight  
And I can't quite put my finger on it  
But I tell you that she's got it  
And it works for me  
And I'm falling for  
She's another break in the bend  
I could be nothing more than a trend  
I'm wandering off  
I'm wondering if she's got it out for another one  
She's got it out for another one better than me. An eye for an eye I am ready to give it up give him up and on and on  
And I'm floored to see that you are standing here  
Like everything was oh so clear and bright you don't think about it  
Why do you kick me WHEN I'M DOWN  
I'm running out of things to say  
Things don't come as easy, and things don't come as easy as you do  
And I'm running out of things to say. RISE OR DIE TRYING!
