

Autumn's Grief

Eternal Tears of Sorrow

[music: Eternal Tears of Sorrow]

[lyrics: Vetel?inen] The dance of two free souls...No more masquerades of mortals

Just you and me as nightly guests at the dance hall of our last Autumn

Your look's so faithful, so brave...as you feel our common pain

Our lives and love now in a single stream...the stream of our last Autumn's
grief Together we lived our lives...and together we will leave...

It shall be the final tie of our bloody seal...

We gave our secret promise on the shore of our red streams...

The bloody oath of real love...the oath of red falling leaves...Your look's full of passion...as the night kisses
your skin

You close your eyes and also let me feel our common will

This crimson stream will be the final step on the path of our mortal lives

You know our love is real...and oh yeah, so do I...so do I Together we lived our lives...and together we will leave
It shall be the final tie of our bloody seal

We gave our secret promise on the shore of our red streams

The bloody oath of real love...the oath of red falling leaves Together we lived our lives...and together we will
leave

It shall be the final tie of our bloody seal

We gave our secret promise on the shore of our red streams

The bloody oath of real love...the oath of red falling leaves of the last
Autumn
