Dear My Closest Friend

Flyleaf

Dear, my closest friend
I'm writing because
I miss you so much
At night, I'd always cry
The stillness still reminds me of
When we first fell in love
And I miss that so much
Dear, my closest friend
Dear, my closest friend
I remember when
You asked me to stay
And I just walked away
I apologize
And then my letter sent
I lost that moment
I lost that moment
Seconds at a time
Seconds at a time
I wait for your answer
But I already know
Your hand was always mine
Your hand was always mine
Your hand was always mine
Dear, my closest friend
I'm writing because
I miss you so much
