Flash

Queen

The opportunity's takin' me over
I'm gonna put on a mask
I've got to be outrageous for my fans
I am not gonna waste this moment
Because these moments don't last
So tonight I will shake it and show my ass
Flash makes me feel good
Feel like a queen
And it gives me all the panache
That I want, that I need
And it'll all be over in a flash
Roll out the carpet give me some exposure
'Cause soon I'll be the past
But anyway I came here to tell you 'bout my plans
Well, let's keep this moving while people still notice
'Cause my time's going fast and when it's over, it's over
'Cause I've got no class, yeah, yeah, yeah, yeah
Flash makes me feel good
Feel like a queen
And it gives me all the panache
That I want, that I need
And it'll all be over in a flash
Makes me feel good
Feel like a queen
And it gives me all the panache
That I want, that I need
And it'll all be over in a flash
Flash makes me feel good
Feel like a queen
And it gives me all the panache
That I want, that I need
And it'll all be over in a flash
Makes me feel good
Feel like a queen
And it gives me all the panache
That I want, that I need
And it'll all be over in a flash
