

# Cold Feet

## The Bushwackers Band

I follow your friends around  
I'm searching from town to town  
I never knew what you meant to me  
Until you were lost and found  
I never get up for daytime  
And only go out at night  
There's so much I have to say to you  
I'm gonna get it right this time  
My love, come to me  
Come around, I'm lonely  
Have socks I can smell you on them  
I guess you must have forgot them  
I wear them when I'm cold sometimes  
I'm wearing them all the time  
I'm thinking of heading south  
Bittersweet memories of your mouth  
Remembering what you said to me  
You'll never get cold feet now

My love, come to me  
Come around, I'm lonely  
My love, come to me  
Come around, I'm lonely  
I follow your friends around  
I'm searching from town to town  
I never knew what you meant to me  
Until you were lost and found  
My love, come to me  
Come around, I'm lonely  
My love, come to me  
Come around, I'm lonely  
My love, come to me  
Come around, I'm lonely  
My love, come to me  
Come around, I'm lonely  
My love, come to me  
Come around, I'm lonely
