

When I Need You

Rod Stewart

When I need you
I just close my eyes and I'm with you
And all that I so want to give you
It's only a heart beat away When I need love
I hold out my hand and I touch love
I never knew there was so much love
Keeping me warm night and day Miles and miles of empty space in between us
A telephone can't take the place of your smile
But you know I won't be traveling forever
It's cold out but hold out and do like I do When I need you
I just close my eyes and I'm with you
And all that I so want to give you baby
It's only a heart beat away It's not easy when the road is your driver
Honey that's a heavy load that we bear
But you know I won't be traveling a lifetime
It's cold out so hold out and do like I do
When I need you When I need love
I hold out my hands and I touch love
I never knew there was so much love
Keeping me warm night and day When I need you
I just close my eyes and I'm with you
And all that I so want to give you
It's only a heart beat away When I need you
Hold you, feel you
And all that I so want to give you, give you, show you
It's only a heart beat away When I need love
Just touch me, I'll be there
I never knew there was so much love, real love
It's cold out so hold out and do like I do And I miss you baby
I just close my eyes and I'm with you
And I need you tonight
You know it's only a heart beat away
