The Bushmaster

Pigface

when i roam i come
ugly hole
the pigface...pigface...pigface...
no bones about'er
i am the bushmaster i go where i go [UGLY HOLE!]
and leave when i leave
oh i come...
ugly hole
the big bushmaster i go where i go
and leave when i leave
the big bushmaster i go where i go
and leave when i leave [ugly hole]
big ugly woman...pigface...and upright walkin'
smell like *?* [x3]
big master*?* above my head [no bones about'er]
a big master*?* and she came in
a big ugly woman and she came in [a big pigface]
a big pigface
?
soon optic feet they come and blow (?)
soon optic feet they come and blow (?)
they can't overcome
they can't overcome...[ohhh...ugly hole]
ugly hole...
no bones about'er...no bones about'er...no bones about'er...no bones about'er
the big bushmaster i go where i go
and leave when i leave
ugly woman
upright walkin'
smell like book-burnin'(?)
