

Signed, Sealed and Delivered

Red Sovine

Signed sealed and delivered a package containing my heart
To open remove the wrapper but please don't tear it apart
You tore up this heart when you left me you left me
alone and so blue
I'm sending this special delivery please handle with care it's for you
Signed sealed and delivered a package containing my heart
I send it to you as a token I'm sorry we're so far apart
[fiddle]
Signed sealed and delivered...
