Blackhole

Psy'aviah

Your life is burning, your wheels are turning,
Every day a war to fight, every day one less to count..
Your life is lying, your friends are dying,
Every day a war to fight, every day one less to survive..
Don't get me wrong, it's fun to have you around,
Don't shoot me now, no cruel intentions from my side,
But from time to time, you got something evil,
And from time to time, there's something deceiving
From all the books you read, is there nothing you have learned?
From all the times we fought, haven't you ever considered that
You're the one who's wrong, you're the one twisting,
Twisted and turning, lying and deceiving,
Digging yourself deeper and deeper and deeper
Into a never ending spiral, a blackhole, a war zone, hell
Deeper and deeper into a never ending spiral from hell
You've lost your path, clouded by wrath
Try to win at all cost, manipulate what is lost
Don't get me wrong, it's fun to have you around
Don't shoot me now, no cruel intentions from my side,
But from time to time I can't get my mind around,
There's this feeling you like to see me blue
