Aelita

Stereolab

Kneeling at the feet of the Highness
Riveted by the weightlessness
They will follow, my way, the way of love
That wants to come to affectionWhen the shadow becomes giant
Looking for the beater to hold the rhythm
Standing in my way, the way of love
That wants to come to affectionThe heart is the ruler
It is the trumpeter
Decider, celebrate
The drummer ultimate
Decider, celebrate
The drummer ultimateWhen the shadow becomes giant
Looking for the beater to hold the rhythm
Standing in my way, the way of love
That wants to come to affection
