

Breathe

Static-X

Regrets, I ran away I froze, I froze
(So frozen cold)
All bets, I turned my back my heart it glows
(Hearts turn to stone)Undone, I put my head into my hands
(My broken hands)
Not won, I did not want to understandBreathe for me
Breathe in me
BreatheBreathe for me
Breathe in me
BreatheI can, I cannot feel I cannot see
(Darkness I see)
I got this feeling hanging over me
(Hung over me)I can, I cannot feel you take a breath
(One final breath)
I got, I got this feeling, kiss of deathBreathe for me
Breathe in me
BreatheBreathe for me
Breathe in me
BreatheBreathe for me
Breathe in me
BreatheBreathe for me
Breathe in me
BreatheStill I fade, still I fade
Still I fade, still I fade
Still I fade, still I fade
Still I fade, still I fadeAway, away
