Let's All Live and Give Together

L.T.D.

Wish the day would come, when we all are one
Living in this land, walking hand in hand
Wouldn't that be grand if we could all live together?
Deep within our hearts, that's the place to start
There we can erase all degrees of hate
Wouldn't that be great then we could all learn to liveAnd all learn to give
And have togetherness
There would be joy on every face
Joy would appear
I wish the day were here.
We'd be together
All together now, let us make a vow from this very day
Everyone should pray, that's the only way
That we could all learn to liveAnd all learn to give
And have togetherness
There would be joy, on every face.
Joy would appear
I wish the day were here.We'd be together
All together now, let us make a vow from this very day
Everyone should pray, that's the only way
That we could all learn to live
And all learn to give
All learn to live together
All live, all give
All live, live together
(Repeat)
