## **Nephilim**

## **Katatonia**

Loving mother He has come To take your sonListen How he strides the earth When only animals are awake When the shattering of ideals begin God of ruin Will come to youLoving mother He has come To take your sonLoving mother He has come To take your sonFallen From the faded sky Nephilim comes through foul air And when morals will decline God of ruin He has come To take your sonLoving mother He has come To take your son
