

Mustang Wine

Steve Earle

My friend bill lives down in the projects
Stays drunk all the time
He makes mustang wine
He makes mustang wine
He makes mustang wine and he stays drunk all the time
Well, mustang grapes, they ain't too sweet
But that mustang wine just can't be beat
He drinks mustang wine
He drinks mustang wine
He drinks mustang wine and stays drunk all the time
Well, I was changin' the screen when telephone rings

It was bill on the line and I said "come on by"
And bring your mustang wine
He brought his mustang wine
He drinks mustang wine and stays drunk all the time
I said my friend bill lives down in the projects
Stays drunk all the time
He drinks mustang wine
He drinks mustang wine
He drinks mustang wine and stays drunk all the time
He makes mustang wine
He makes mustang wine
He makes mustang wine and stays drunk all the time
