

Now That It's Over

Everclear

Yeah right
One, two, three, four Break down, shake for me
Nothin' ever is the way you want it to be
Nothin' even tastes right
Now that it's over Break down, shake for me
Don't write words unless you want me to read them
Nothin' really matters
Now that it's over Maybe we can be friends
Now that we're older
We can have fun like we did in the early days
Now that it's over Yeah right, break down, shake for me
Nothin' ever seems the way it ought to be
Nothin' ever seems right
Now that it's over Yeah, now maybe we can be friends
Maybe we can be closer
We can have fun like we did in the old days
Now that it's over Oh yeah My bad dreams just don't seem the same
Baby without you
Oh, I wish you were willin' to accept the blame
Yeah, for everything you do My nightmares just don't scare me now
Baby without you, yeah, yeah
I wish that I could find the words to tell
In the best way possible, you and your friends to go to hell Yeah right Whoa, breakup time is never easy to do
Nothin' ever ends the way you want it to
Nothin' seems to make sense
Now that it's over Yeah, now maybe we can be friends
Yeah, now that you're leaving
You can be nice to me
Maybe I'm dreaming I am a lot better now than just okay
Maybe I am just wakin' up in my own way
Now that it's over
Now that it's over My bad dreams just don't seem the same
Baby without you
I wish you were willing to accept the blame
Yeah, for all the shitty things you do Nightmares just don't scare me now
Baby without you
Oh, I wish that I could find the words to tell
You to politely go fuck yourself Yeah, now that it's over
Now that it's over

Now that it's over
Now that it's over
