I Want You (Forma Tadre Remix)

:Wumpscut:

Oh god look at those guys oh god they're so cute
God I'd love to fuck one of them with that one guy
Makes me suck his cock and then they both
Would fuck me at the same time oh my god
Do just like hold my hands down while the other guy
I can't take it oh they both look
Being pulled down on the couch and my clothes
Like they could do that too just imagine
Are ripped off and just fucked and made
To suck him at the same time oh more than I can take
Turned on by them they're just coming in here right
Why don't you cum in mouth and fuck me hard oh god
And fuck me and rip my clothes offI want you only for myself
I want you with all your screaming
I want you just for old human tradition
I want you do want me too
I want you there is no resistance
I want you with all your pain
I want you my proud swan
I want you you don't have to understand
I want you to lick your body 'til you're mad
I want you to bleed
I want you only for myself
I want you only for myself
I want you with all your screaming
I want you only you should be mine
I want you just for the time
I want you oh what a great torment
I just had your body and all the pain
I just had your body and not your heart
Get out of here out of my lifeGet out of here you don't give me anything
But flesh and fear of not being good enough
But flesh and fear and just to pretendFucking them both at once oh god oh god
Oh can't stand it just imagine anyhow
