

I Know It Was The Blood

Fred Hammond

Everybody listen just in case you didn't know
Here is the main ingredient, it really changed my life
A life full of iniquity and very deeply stained
But I found my hope at Calvary
Flowing from my Savior's veins

You ask me if I think it worked
I'll tell you I don't think
'Cause I know, I know, I know
Life saving, life changing
It covers me and I tell you I know

I know it was the Blood, I know it was the Blood
I know it was the Blood, I know it was the Blood
I know it was the Blood, I know it was the Blood
I know it was the Blood, I know it was the Blood

What's able to reach the highest mountain, tell me?
What's strong enough to reach the valley low?
Tell me what brings our salvation and defeats our foes?
What has the awesome power to cleanse and make us whole?

You ask me if I think it worked
I'll tell you I don't think
'Cause I know, I know, I know
What washed me, what saved me, what changed me?
I tell you I know

I know it was the Blood, I know it was the Blood
I know it was the Blood, I know it was the Blood
I know it was the Blood, I know it was the Blood
I know it was the Blood, I know it was the Blood

What was it that sprang out like a fountain?
Aye, what was it that snatched me from the grave?
What was it that flowed down from Calvary's mountain?
So everyone who was lost on Earth could now be saved, I know

I know it was the Blood, was the Blood, just for me
I know it was the Blood, was the Blood, just for me

I know it was the Blood, was the Blood, just for me
I know it was the Blood, was the Blood, just for me

The Blood came streamin' down
The Blood came streamin down
I know, I know, I know
And if you're not ashamed, let the people say, I know it was, yeah

I know it was the Blood, was the Blood, just for me
I know it was the Blood, was the Blood, just for me
I know it was the Blood, was the Blood, just for me
I know it was the Blood, was the Blood, just for me

Hey yeah
One time
For y'all [Incomprehensible]
One time
Do you believe?
Can we go back?
C'mon, can we go back? Say

I know it was the blood
I know it was the blood
I know it was the blood
For me

When I was lost, He died for me
When I was lost, He died for me
When I was lost, He died for me
I know it was the Blood, was the Blood, just for me

The Blood came streamin' down
The Blood came streamin' down
The Blood came streamin' down for me

When I was lost, He died for me
When I was lost, He died for me
When I was lost, He died for me
When I was lost, He died for me

He died for me
He died for me
He died for me

I know it was the Blood, was the Blood, just for me
I know it was the Blood, was the Blood, just for me

I know it was the Blood, was the Blood, just for me
I know it was the Blood, was the Blood, just for me

C'mon, c'mon
If you know, hey
Then play along

I know it was the Blood, was the Blood
I know it was the Blood, was the Blood
I know it was the Blood, was the Blood
I know it was the Blood, was the Blood, just for me
