Situation

Godsmack

Lying in my sweat, drying my tears
Waiting for you, I am
Making me feel like I don't care
I don't care, yeahThis situation
In my head, head, head
Will this situation
Never end, end, end?How can I feel if I can't breathe?
What we once had will never be againThis situation
In my head, head, head
Will this situation
Never end, end, end?And I cannot take it anymoreI really like what you can give me
But I don't know where I'm standing right now, not yet
And I really think that you can hear me
Why you're not turning this around
I'll never know, I'll never know, I said I'll never knowNever, never, never
No, yeah, yeah, yeahThis situation
This situation
This situation
Yeah
