

# On Hold

## The xx

[Verse 1: Romy Madley Croft]

I don't blame you

We got carried away

I can't hold on

To an empty space[Pre-Chorus: Oliver Sim]

Now you've found a new star to orbit

It could be love

I think you're too soon to call us old

When and where did we go cold?

I thought I had you on hold[Chorus: Oliver Sim]

And every time I let you leave

I always saw you coming back to me

When and where did we go cold?

I thought I had you on hold[Sample]

Where does it stop

Where does it stop

Where do you dare me to

You've got the body

You've got the body

Where do you dare me to

Where does it stop

Where does it stop

Where do you dare me to

You've got the body

You've got the bodyI thought I had you on holdWhere does it stop

Where does it stop

Where do you dare me to

You've got the body

You've got the body

Where do you dare me to

Where does it stop

Where does it stop

Where do you dare me to

You've got the body

You've got the body[Verse 2: Romy Madley Croft]

My young heart chose to believe

We were destined

Young hearts

All need love

Call it a lesson  
The stars and the charts  
And the cards make sense  
Only when we want them to  
When I lie awake staring in to space  
I see a different view[Pre-Chorus: Oliver Sim]  
Now you've found a new star to orbit  
It could be love  
I think you're too soon to call us old  
When and where did we all go cold?  
I thought I had you on hold[Chorus: Oliver Sim]  
And every time I let you leave  
I always saw you coming back to me  
When and where did we all go cold?  
I thought I had you on hold  
I thought I had you on hold  
I thought I had you on hold[Sample]  
Where does it stop, where does it stop  
Where do you dare me to  
You've got the body, you've got the body  
Where do you dare me to, dare me to  
Where does it stop, where does it stop  
Where do you dare me to  
You've got the body, you've got the body  
You've got the body, you've got the body  
Where does it stop, where does it stop  
Where do you dare me to  
You've got the body, you've got the body  
Where do you dare me to, dare me to  
Where does it stop, where does it stop  
Where do you dare me to  
You've got the body, you've got the body  
Dare me to, dare me to[Chorus: Oliver Sim]  
And every time I let you leave  
I always saw you coming back to me  
When and where did we all go cold?  
I thought I had you on hold  
I thought I had you on hold  
I thought I had you on hold  
And every time I let you leave  
I always saw you coming back to me  
When and where did we all go cold?  
I thought I had you on hold  
I thought I had you on hold

I thought I had you on hold
