Party Tonight

í•¬ë¦¬ìŠ¤íƒˆ ë ˆì•¸

Everybody's headed for the dance floor
See there's a party going on tonight
Place is here and the time is now
So come on groove bring your friends and let's all get down
Now don't be shy just go with the flow
Let your body groove to the tempo
Side to side back and forth to the beat
Everybody get on up and dance with me
Yea

(Tonight)I just want to dance with you baby
(Tonight)I just want to groove with you honey
(Tonight)I just want to dance with you girl
(Tonight)

(Tonight)

Feel the music and clap your hands
Don't worry 'bout a thing just enjoy the jam
(Everybody get on down everybody get on down)
Move your body all around
There's no rules it's all you just do what you like
Now if you'd excuse me there's some girls I gotta meet tonight
Yeah

(Tonight)I just want to dance with you baby
(Tonight)I just want to groove with you honey
(Tonight)I just want to dance with you girl
(Tonight)

(Tonight)

Give me your hand,just do me a favor and say you'll dance with me
Play my favorite songs for you all night long
Come on and party with me

(Tonight)

(Tonight)I just want to dance with you baby
