

# Turn Out My Lights

**Justin Townes Earle**

Same old blues comin round again  
Every night about this time  
And its callin me like a long lost friend  
When I turn out my lights I can see you in my dreams  
Every time I close my eyes  
And just like I knew you'd be to  
Give me through the night I can feel the darkness fall  
Like the rain against the wind blows  
And I can hear your memory like a  
Dream outside my window babe Even though I know you're gone  
I don't have to be alone now  
You're here with me every night  
When I turn out my lights When I turn out my lights tonight  
And look into your eyes  
I know it's gonna be alright  
When I turn out my lights Til it's them same old blues comin round again  
Every night about this time  
And its callin me like a long lost friend  
When I turn out my lights, turn out my lights
