One More Word (demo)

36 Crazyfists

Spill it all over, just like you used to
Reason to be strong
But you don't like me, but you don't even know me
I will save me, I will save mePlease fight for me
Shut down in another light, in a hole not yet sewn
Words that make you sickened inside
But you're sucked down in a steady strife
And you bleed without halo
I can tell now, I can tell nowPlease fight for me
Shut down you don't know us all
Shut down you don't know us all
Shut down you don't know us all
Shut down
It's all inside, so far
It's all insideOne more word, I'm asking you to come and get it
You don't want to wake up and kiss it goodbye
Please fight for me
Shut down you don't know us all
Shut down you don't know us all
Shut down you don't know us all
Shut down
It's all inside, so far
It's all inside, so far
